Organic Farm-to-Spa ingredients grown to make skin glow

Enjoy a Sweetheart Fizz while you relax with a warm mask and hot stone massage!

Immerse in a refreshing bubbling fizzer soak bath that both relaxes & invigorates. A sprightly sugar scrub, made with Square One organic vodka & raspberry extract, thoroughly banishes dead, dry skin & hydrates deeply with natural oils. A light drizzle of melted shea & cocoa butters makes for a lavish warm mask. Finally quinsyberry oil is applied & massaged in with hot rocks for a finale like no other!

Breathe easy as vitamin rich Vanilla Bourbon Oil quenches & preps arms, legs & shoulders for a sea salt scrub - scented with warm creamy notes of sweet cream! Take in even more deliciousness as a warm cocoa mask is painted on to firm and hydrate. This mask blend is so scrumptious, you'll be tempted to taste. Another round of Vanilla Bourbon Oil goodness along with hot rocks sends skin off in ultimate hydrations for those cooler temps.
